center

Registration:

Licensed DC's: With CE/CPD Credits	\$399
Licensed DC's: Without CE Credit	\$299
Students: Without CE Credit	\$50

NO TRAVEL COSTS OR HASSLE. Watch from your computer.

The Symposium's objective is to provide D.C.'s an integrated education in the neuro-pathophysiology of the subluxation complex, including clinical analysis and technique.

This program will amplify the practitioners understanding of current developments in the assessment and scientific evidence-based knowledge of the vertebral subluxation complex and its impact on neurobiology and neurophysiology of the human body.

Register at:

CELogisticSystems.com under courses
Use Special Code CCC for \$99 Registration
Course will be live July 16, 2021
