

Oklahaven Children's Chiropractic Center Is Online!

It's Time To Heal The Children Naturally

Today's children are so unhealthy that currently, one child in 38 is prescribed powerful prescription drugs and has had to resort to some form of a special needs program in a futile attempt to return to health. In 1979, only one in 10,000 children suffered from some form of illness. Every year, more children succumb to this horrible fate, while their desperate parents search for answers. We can't permit this scenario to be our future.

There Is A Better Way

Even the most profoundly hurt children respond quickly to chiropractic care. For over 60 years, the Children's Chiropractic Center "Oklahaven" has served children from newborns to teens throughout the United States and in over 17 countries, renewing their health through chiropractic care and a natural lifestyle.

It Hasn't Been Easy!

From the beginning, chiropractic faced an uphill battle for acceptance, with many chiropractors intimidated and their healing techniques suppressed. Because this story is so vital in showing the world that hurt children can be healed, Oklahaven created an informative video that gives desperate parents a path forward for their children's health. It also provides an amazing history of the chiropractic healing arts from its beginning.

OVER 60 YEARS OF HEALING THE CHILDREN

“Oklahaven”

The Children’s Chiropractic Center

February 4-14, 2026

Join the Children’s Chiropractic Center
“Oklahaven” during Valentines week.

February 4-14, 2026

Your support will help an internationally recognized nonprofit organization by conducting a “Have-A-Heart” campaign. Many chiropractic colleges, practices and advocacy groups from around the world have made this an annual tradition. Join us in uniting our consciousness. You will raise the awareness of the power of chiropractic for the children in your community.

LET US KNOW THAT YOU “HAVE-A-HEART”

Go to our website and learn about the children’s journey to health. **Download:**

- Pamphlets about the center.
- Hearts to list donor’s name and display in your windows, waiting room, front desk or along the halls to patient rooms.
- Information sheet with details and a donor log sheet.
- A news release to announce your participation.

CONDUCTING A CAMPAIGN IS EASY

Creates “contagious excitement” among patients, clinic staff and your community!

HERE’S WHAT WE ARE ASKING YOU TO DO:

- Show our video, it’s an excellent tool for public education: waiting rooms, community groups, health food stores, etc.
- Ask everyone to sponsor a heart by giving a donation and writing their name on a heart to be displayed.
- Collect money donated.
- Keep a log of who donates and the amount.
- Send us your final report detailing your success. We will thank them.
- The prestigious award of the “Golden Heart” - the giver of life - is given to the college and clinic that raises the most money.

WHY PARTICIPATE? Five-time Golden Heart Winner, Dr. Howard Berg, said, **“It allows the community to see that you do contribute to something greater and that chiropractic makes a difference in children’s lives. That’s huge.”**
